

Eighth Graders Raise Live Mice In Study Group

Members of Mrs. Beverly Dyer's eighth grade class at Meadow Park Elementary School, Torrance, are all members of the "Mousekeepers" Club, but it isn't the one headed by Mickey Mouse. Pixie and Dixie Mouse are the heads of the class club, since they are the class pets. They also serve as the basis for some of the class studies in science and arithmetic. Pixie is a white male mouse and Dixie a black female who gave birth to seven babies on Nov. 4. The youngsters plan to continue raising little mice, to see further the workings of heredity. The class gave three of the babies away and kept four. These, they have tagged Salf, Pepper, Pete, and Gladys.

National recognition will be given the board for increase of membership. Two hundred and twelve new members were added this year. The awards were presented at the installation dinner held at the Plush Horse recently.
